Hi, Francesca. Peter sent with me the slides you used in a recent scientific integrity briefing for OAR (see attachment). In particular, he noted that you had information to share about several items on Slide 44 related to the Executive Order on protecting public health and restoring science to tackle the climate crisis (i.e., List A and List B). Please let me know if you have time this week for a short chat so I could learn more. Thank you.

Mike
